## **SERIES D EURO-DM SECURITIES LIMITED**

### **REPORT OF THE DIRECTORS**

The Directors submit their report and the audited financial statements for the year ended 31st December 2008.

#### **INCORPORATION**

Series D Euro-DM Securities Limited (the "Company") was incorporated in Jersey, Channel Islands, on 7th March 1986.

#### **ACTIVITIES**

The Company holds a forty year Schuldschein issued by the State of Baden-Württemberg, Germany. The purchase of the Schuldschein has been financed from the net proceeds of the issue of Zero-Coupon Deutsche Mark Bearer Bonds and the sale of a portion of the interest receivable under the Schuldschein.

#### **RESULTS**

The results for the year are shown in the Statement of Comprehensive Income on page 7.

#### **DIVIDEND**

The Directors do not recommend the payment of a dividend in respect of the year (2007 NIL).

#### **STATEMENT OF DIRECTORS' RESPONSIBILITIES**

The Directors are responsible for preparing the financial statements in accordance with applicable law and International Financial Reporting Standards ("IFRS").

Companies (Jersey) Law 1991 requires the directors to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the company and the profit and loss for that year.

In preparing those financial statements the Directors should:

- \* select suitable accounting policies and then apply them consistently;
- \* make judgements and estimates that are reasonable and prudent;
- \* state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- \* prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm they have complied with all the above requirements in preparing the financial statements.

The Directors are responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

So far as the Directors are aware, there is no relevant audit information of which the Company's auditors are unaware, and each Director has taken all the steps that he or she ought to have taken as a Director in order to make himself or herself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

#### **STATEMENT OF PERSONS RESPONSIBLE WITHIN THE ISSUER**

With regard to Regulation 2004/109/EC of the European Union (the "EU Transparency Directive"), the Directors of the Company confirm to the best of their knowledge that the Financial Statements for the year end give a true and fair view of the assets, liabilities, financial position and profit and loss of the Company as required by the applicable accounting standards. The Report of the Directors gives a fair review of the development of the Company's business, financial position and the important events that have occurred during the financial year and their impact on the Financial Statements. The Principal risks and uncertainties faced by the Company are disclosed in the notes of these financial statements.

BY ORDER OF THE BOARD

Lloyds TSB (Jersey) Management Limited

Dated 18/11/11

# **INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SERIES D EURO-DM SECURITIES LIMITED**

## **Report on the financial statements**

We have audited the accompanying financial statements of Series D Euro-DM Securities Limited which comprise the balance sheet as of 31 December 2008 and the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

## **Directors' responsibility for the financial statements**

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and with the requirements of Jersey law. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

## **Auditors' responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements give a true and fair view of the financial position of the Company as of 31 December 2008, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards and have been properly prepared in accordance with the requirements of the Companies (Jersey) Law 1991.

## **Report on other legal and regulatory requirements**

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. The other information comprises of only the directors' report.

In our opinion the information given in the directors' report is consistent with the financial statements.

This report, including the opinion, has been prepared for and only for the Company's members as a body in accordance with Article 113A of the Companies (Jersey) Law 1991 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

**SERIES D EURO-DM SECURITIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31ST DECEMBER 2008**

**GENERAL INFORMATION**

**1 ACCOUNTING POLICIES**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all periods presented unless otherwise stated.

**1.1 Going Concern**

Although there is a negative equity position as at 31 December 2008, in the Directors' opinion the Company is still considered to be a going concern as the Company is able to meet its liabilities as they fall due for the next 12 months and in accordance with an undertaking dated 2nd July 1986, Commerzbank AG as promoters of the issue of Zero Coupon Deutsche Mark bearer bonds as described in note 5, have agreed to reimburse the Company for all expenses incurred. The expenses and the corresponding reimbursement are shown in the Statement of Comprehensive Income.

**1.1.2 Basis of preparation**

These financial statements have been prepared under the historical cost convention and in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union, issued by International Accounting Standards Board (IASB) and interpretations issued by the International Financial Reporting Interpretation Committee (IFRIC).

The Company has acquired a Schuldschein issued by the State of Baden-Württemberg, Germany from Commerzbank AG funded by the proceeds of the Zero coupon Deutsche Mark bearer bonds. The bonds are issued with a maturity date corresponding to the payment date on the Schuldschein loan.

The Company neither has, nor will have, any other significant assets or liabilities and has covenanted not to enter into any other transactions except in connection with the Schuldschein.

It should be noted that the terms of issue of the Deutsche Mark bearer bonds and certain of the agreements contain provisions that if changes are made before the final redemption date of the Schuldschein then the calculation of the amounts due is on the basis set out in such terms.

These financial statements have been prepared keeping in view that the transactions mentioned in the previous paragraphs are not separable. Total income arising from the Schuldschein and total expenses incurred on the financial liabilities (excluding the expenses pertaining to redemption of such liabilities) are recognised in the income statement during the terms of the Schuldschein and Deutsche Mark bearer bonds respectively so as to produce a constant rate of return over their term.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 1.2.

**a) Standards, amendments and interpretations effective in 2008**

IFRS 7, 'Financial instruments: Disclosures', and the complementary amendment to IAS 1, 'Presentation of financial statements - Capital disclosures', introduces new disclosures relating to financial instruments. The Company has adopted IFRS 7 and amendment to IAS 1 for the financial period that commenced on 1 January 2008.

IFRIC 8, 'Scope of IFRS 2', requires consideration of transactions involving the issuance of equity instruments, where the identifiable consideration received is less than fair value of the equity instruments issued in order to establish whether or not they fall within scope of IFRS 2. This standard does not have any impact on the Company's financial statements.

IFRIC 10, 'Interim financial reporting and impairment', prohibits the impairment losses recognised in an interim period on goodwill and investments in equity instruments and in financial assets carried at cost to be reversed at a subsequent balance sheet date. This standard does not have any impact on the Company's financial statements.

**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED 31ST DECEMBER 2008**

**1 ACCOUNTING POLICIES (continued)**

**1.1.2 Basis of preparation (continued)**

**b) Standards and interpretations to existing standards that are not effective and have not been early adopted by the Company**

The Company has not early adopted any standards or interpretations.

- IAS 32 (Amendment), 'Financial instruments: Presentation', (effective from 1 January 2009);
- IAS 39 (Amendment), 'Financial instruments: Recognition and measurement' (effective from 1 January 2009);
- IAS 1 (Revised), 'Presentation of financial statements' (effective from 1 January 2009);
- IAS 1 (Amendment), 'Presentation of financial statements' (effective from 1 January 2009);
- IAS 23 (Amendment), 'Borrowing costs' (effective from 1 January 2009);
- IFRS 8 'Operating segments' (effective from 1 January 2009), IFRS 8 replaces IAS 14 and aligns segment reporting with the requirements of the US standard SFAS 131, 'Disclosures about segments of an enterprise and related information'.

**c) Standards, amendments and interpretations effective in 2008 but not relevant**

The following standards, amendments and interpretations to published standards are mandatory for accounting periods beginning on or after 1 January 2007 but they are not relevant to the Company's operations:

- IFRIC 14, 'IAS 19 - The limit on a defined benefit asset, minimum funding requirements and their interaction' (effective from 1 January 2008);
- IFRIC 11, 'IFRS 2 - Group and treasury share transactions' (effective from 1 January 2008);
- IFRIC 12, 'Service concession arrangements' (effective from 1 January 2008).

Adoption of these standards, amendments and interpretations do not have an impact on Company's financial statements.

**d) Interpretations to existing standards that are not yet effective and not relevant for the Company's operations**

The following interpretations to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 1 January 2008 or later periods, but are not relevant to the Company's operations.

- IFRS 1 (Amendment), 'First time adoption of IFRS' and IAS 27, 'Consolidated and separate financial statements' (effective from 1 January 2009);
- IFRS 2 (Amendment), 'Share-based payment' (effective from 1 January 2009);
- IFRS 3 (Revised), 'Business combinations' (effective from 1 July 2009);
- IFRS 8, 'Operating segments' (effective from 1 January 2009), which is not considered relevant, as the Fund is outside the scope;
- IAS 23 (Amendment), 'Borrowing costs' (effective from 1 January 2009);
- IAS 27 (Revised), 'Consolidated and separate financial statements' (effective from 1 July 2009);
- IFRIC 13, 'Customer loyalty programmes' (effective from 1 July 2008);
- IFRIC 15, 'Agreements for construction of real estates' (effective from 1 January 2009);
- IFRIC 16, 'Hedges of a net investment in a foreign operation' (effective from 1 October 2008);
- IFRS 5 (Amendment), Non-current Assets Held for Sale and Discontinued Operations (and consequential amendments to IFRS 1, 'First time adoption') (effective from 1 July 2009);
- IAS 16 (Amendment), Property, Plant and Equipment (and consequential amendments to IAS 7 'statement of cash flows') (effective from 1 January 2009);
- IAS 19 (Amendment), Employee Benefits (effective from 1 January 2009);
- IAS 20 (Amendment), Accounting for Government Grants and Disclosure of Government Assistance (effective from 1 January 2009);
- IAS 28 (Amendment), Investments in Associates (and consequential amendments to IAS 32, Financial Instruments: Presentation and IFRS 7, Financial Instruments: Disclosures) (effective from 1 January 2009);
- IAS 29 (Amendment), Financial Reporting in Hyperinflationary Economies (effective from 1 January 2009);

**SERIES D EURO-DM SECURITIES LIMITED**

**NOTES TO THE FINANCIAL STATEMENTS (continued)**

**FOR THE YEAR ENDED 31ST DECEMBER 2008**

**1 ACCOUNTING POLICIES (continued)**

**1.1.2 Basis of preparation (continued)**

- IAS 31 (Amendment), Interests in Joint Ventures (and consequential amendments to IAS 32, Financial Instruments: Presentation and IFRS 7, Financial Instruments: Disclosures) (effective from 1 January 2009);
- IAS 34, Interim Financial Reporting
- IAS 36 (Amendment), Impairment of Assets (effective from 1 January 2009);
- IAS 38 (Amendment), Intangible Assets (effective from 1 January 2009);
- IAS 40 (Amendment), Investment Property;
- IAS 41 (Amendment), Agriculture (effective from 1 January 2009).

**1.2 Critical accounting estimates and judgements**

Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under circumstances.

**1.2.1 Critical accounting estimates and assumptions**

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

**Amortised cost of investment in Schuldschein and Deutsche Mark bearer bonds**

The amortised cost of the Schuldschein and Deutsche Mark bearer bonds are calculated using the estimated effective interest rate. Effective interest rate was calculated based throughout the life of the Schuldschein and bearer bonds. The Company used its best judgement in estimating on the estimated cash inflows and cash outflows the cash flows for the calculation of effective interest rate. The amortised cost of the Schuldschein and Deutsche mark bearer bonds would be over or under estimated were the cash flows used to calculate the effective interest rate to differ from the management estimates.

**1.2.2 Critical judgements in applying the accounting policies**

**Impairment of held to maturity financial assets**

The Company follows the guidance of IAS 39 to determine when a held to maturity financial asset is impaired.

The determination requires significant judgement. In making this judgement, the Company evaluates, among other factors, the financial health and business outlook of the investee including factors such as industry and sector performance, changes in the operational and financing cash flow.

In accordance with IAS 39, the Company assesses at each balance sheet date whether there is any objective evidence of impairment; the determination requires significant judgement. In making this judgement, the Company evaluates, among other factors, the financial health and business outlook of the Schuldschein issuer (Land Baden-Württemberg) including factors such as industry and sector performance, changes in operational and financing cashflow.

The Directors of the Company are of the opinion that State of Baden-Württemberg is financially backed by the Federal Republic of Germany.

The Directors of the Company have a duty to review the impairment for year ended 31 December 2008 in accordance with International Financial Reporting Standards (IFRS), and to conclude whether the Company would suffer an additional charge for impairment.

The Directors of the Company are of the opinion that the investment is not currently impaired, although propose to continue to monitor the situation, given the current adverse economic conditions.

**SERIES D EURO-DM SECURITIES LIMITED**

**NOTES TO THE FINANCIAL STATEMENTS (continued)**

**FOR THE YEAR ENDED 31ST DECEMBER 2008**

**1 ACCOUNTING POLICIES (continued)**

**1.3 Financial assets and liabilities held at amortised cost**

**1.3.1 Classification**

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the management has the positive intention and ability to hold to maturity. The Company has designated its investment in the Schuldschein as held-to-maturity investments, as the Company has the positive intention and ability to hold the investment in the Schuldschein to its maturity. Financial liabilities arise when the company has a contractual obligation to deliver cash or other financial assets to another entity.

The Deutsche Mark bearer bonds issued by the Company are designated as financial liabilities carried at amortised cost.

**1.3.2 Recognition and measurement**

IAS 39, Financial Instruments: Recognition and Measurement, requires held-to-maturity financial assets and financial liabilities at amortised cost to be measured on initial recognition at fair value plus transaction costs that are directly attributable to the acquisition or issue of the financial asset. The investment and financial liabilities of the Company are initially recorded at cost.

However, this departure has no material effect on the carrying value of investment or the financial liability as the management estimates that the cost of the financial assets and financial liabilities approximated to their fair values at the time of the initial recognition.

**1.3.3 Derecognition of financial assets and financial liabilities**

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership.

**1.3.4 Fair value estimation**

The fair value of financial assets and liabilities that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. The Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. Valuation techniques used include the use of comparable recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs. See note 3 and note 5 for the fair value estimation.

**1.4 Cash and cash equivalents**

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts.

**1.5 Foreign currency translation**

**1.5.1 Functional and presentation currency**

The Company has adopted the Euro ("EUR") as its presentation and functional currency, as the Company's primary activity is to invest in Euro denominated securities. The Company has no exposure to currency on its investment, and only minimal exposure to Pound Sterling ("GBP") and United States Dollar ("USD") on its payables and receivables.

**1.5.2 Transactions and balances**

Transactions denominated in currencies other than EUR have been translated to EUR at the exchange rate ruling at the date of the transaction. Monetary items on the balance sheet have been translated to EUR at the exchange rate ruling at the year end. Foreign currency gains and losses on such transactions and translation are recognised in the Statement of Comprehensive Income.

**1.6 Income**

Income, which includes interest income and discount on the Schuldschein, is recognised in the Statement of Comprehensive Income using the effective interest rate method over the term of the Schuldschein.

**1.7 Amortisation charge**

Discount on Deutsche Mark bearer bonds is amortised through the Statement of Comprehensive Income over the life of the total liability using the effective interest rate method.

**SERIES D EURO-DM SECURITIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED 31ST DECEMBER 2008**

**1 ACCOUNTING POLICIES (continued)**

**1.8 Issue costs**

Costs necessarily incurred in relation to the issue of the Deutsche Mark bearer bonds are classified as transaction costs. These transaction costs are subsequently amortised through the Statement of Comprehensive Income using the effective interest rate method over the life of the related liability. Any unamortised transaction costs are presented by way of netting from the related liability to which they pertain.

**1.9 Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

**1.10 Administration expenses**

The Company has engaged the services of EES Trustees International+B860 Limited to provide administrative services for a fixed fee of \$10,000 per annum and a fee of \$3,000 for bookkeeping and accounting services plus disbursements.

Total secretarial and accounting fees for the year amounted to €9,000 (2007: €9,000).

**1.11 Bond redemption expenses**

According to the terms of arrangement the difference between the interest instalments receivable on the Schuldschein and the redemption value of the relevant Deutsche Mark bearer bonds will be utilised for payment of costs pertaining to redemption of the Deutsche Mark bearer bonds. Accordingly, bond redemption expenses are recorded at the time when the bonds are actually redeemed.

**1.12 Share capital**

Ordinary shares are classified as equity.

**2 FINANCIAL RISK MANAGEMENT**

The Company's activities expose it to a variety of financial risks: credit risk, counter-party risk, market risk and liquidity risk as explained below.

**2.1 Financial risk factors**

**a) Market risk**

**i) Price risk and interest rate risk**

The overall position and therefore risk is governed by terms of the determined loan document under the Schuldschein, and is matched and funded by zero coupon Deutsche Mark bearer bonds. The interest rate on the Schuldschein is fixed and therefore interest rate risk is minimal.

**ii) Currency risk**

The Company's presentation and functional reporting currency is the Euro and there is no exchange rate risk on income since the DM was converted to the Euro in 2002 at a fixed rate of 1.95583. There is some limited exposure on expenses charged in Sterling and USD currencies, however these expenses are fully reimbursed by the controlling company, Commerzbank AG.

**iii) Sensitivity analysis**

The Company has not provided a sensitivity analysis, given that both interest rate risk and currency risk are fully hedged. Therefore in the Opinion of the Directors, no sensitivity analysis is required to be disclosed.

**SERIES D EURO-DM SECURITIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS (continued)**  
**FOR THE YEAR ENDED 31ST DECEMBER 2008**

**2 FINANCIAL RISK MANAGEMENT (continued)**

**2.1 Financial risk factors (continued)**

**b) Credit risk and counter party risk**

Credit risk is the risk that the counter-parties will be unable to pay amounts in full when due. The Company's single investment holding is the *Schuldschein* (as described in note 3), with an actual balance outstanding of € 368.9m as at 31 December 2008 (2007: € 346.6m). The Company has covenanted not to enter into any other transactions except in connection to the *Schuldschein*. An impairment review was carried out within the business in respect of the *Schuldschein* and based on such directors are of the view that no impairment provision is required, as described below.

The *Schuldschein* investment continues to be government backed and the loan originates from an EU member state. Land Baden-Württemberg ("LBW") as a state is among the most prosperous states in Germany and is one of the wealthiest regions in Europe. LBW is one of the sixteen states which are partly sovereign constituent states of the Federal Republic of Germany.

LBW is a key shareholder in Landesbank Baden-Wuerttemberg ("LBBW") who are of high systemic importance to the Federal Republic of Germany. LBBW will continue to receive extraordinary financial support from LBW if needed.

The only other asset subject to credit risk is the receivable from related party, Commerzbank AG is the ultimate controlling party of the Company. Given that Commerzbank AG, is a well regulated bank with a credit rating of A-1 the credit risk of the receivable from related party is deemed to be minimal.

The Directors have accepted on balance that there is no evidence to suggest that the *Schuldschein* investment had suffered a decline in fair value below the cost, or that any decline was prolonged or significant. The Directors of the Company are therefore of the opinion that the investment is not currently impaired, although they did acknowledge that they will continue to monitor the situation, given the current adverse economic conditions.

**c) Liquidity risk**

Liquidity risk is the risk that the company is unable to meet the payment obligations associated with its financial liabilities when they fall due.

The Company currently has minimal exposure to liquidity risk as its obligations to meet its liabilities are offset by the investment held in accordance with the terms of the loan agreement. There have been no defaults or breaches to date, in relation to financial obligations of the company.

The maturity of the Company's liabilities are given in the table below.
